# **500ML PUMP-TOP HAND SANITISER (80% ALCOHOL)**

Containing one of the highest concentrations of alcohol (80%), this World Health Organisation formula sanitiser is ideal for work and home settings.

The convenient pump-top bottle dispenses 5ml doses and leaves skin dry and soft.

# **50ML FLIP-TOP POCKET HAND SANITISER (70% ALCOHOL)**

This flip-top pocket hand sanitiser, containing the World Health Organisation's recommended 70% alcohol formula, is ideal for providing colleagues with personal protection wherever they are operating.

## **SCENTED SANITISER**

With the protective properties as regular sanitiser, these scented versions provide a pleasant sanitising experience. Available in 100ml, 500ml and 5L sizes. World Health Organisation's 70% alcohol formula.

# **LOGO POCKET SANITISERS WITH CLIP-ON**

These handy 50ml pocket sanitisers are ideal for ensuring your stakeholders are always protected in their operational duties and as brand awareness giveaways. WHO specification (70% alcohol) fragranced, unfragranced and alcohol-free versions.

## AEROSOL ANTI-BACTERIAL ROOM SANITISER - SELF DISPERSING

This self-dispersing anti-bacterial room sanitiser is a perfect solution for safely and quickly sanitising an area of up to 100m3, particularly internal areas such as offices, meeting rooms, hotel rooms, classrooms, staff rooms, reception areas, etc. In can also be used to sanitise vehicles. Within 15 minutes, all surfaces will be sanitised with an anti-bacterial layer.

#### SANITISER DISPENSER HAND-PUSH

This 1L capacity hand-push sanitiser dispenser has stood the test of time over the oftentemperamental touch-free electronic version. Simple fill mechanism (no refill cassettes required).

Robust construction allows for lasting use in most environments – including some outdoor.

Comes with full fitting kit.

# ANIMAL SHAPE SANITISER STAND (WITH HAND-PUSH DISPENSER)

A quirky sanitiser dispenser stand for child care/education settings.

Easy to assemble and includes a hand-push dispenser.

Also available in giraffe and elephant shapes

## ANTI-BACTERIAL WIPES (75% ALCOHOL) 60 WIPES PER PACK (15CM X 18CM SHEET SIZE)

Pure and simple effective protection for hands and surfaces with these fully certified (CE) alcohol-based anti-bacterial wipes.

Exceeds the World Health Organisation recommended alcohol content by an extra 5%

Reseal cover to ensure wipes retain moisture and effectiveness.

#### ANTI-BACTERIAL WIPES (70% ALCOHOL) 10 WIPES PER PACK

Handy pocket-sized anti-bacterial wipes to provide colleagues with personal protection wherever they are operating.

## **ANTI-BACTERIAL SPRAY - VIRABACT**

This powerful bactericidal and virucidal cleaner provides quick, easy sanitizing for a wide variety of surfaces. Contains no perfumes so is non-tainting and therefore food safe.

Conforms to BS EN 14476 and is proven to be effective against enveloped viruses on non-porous hard surfaces, including all coronaviruses and SARS-CoV-2, ensuring inactivation of 99.99% of these pathogens after a contact time of 5 minutes.

#### **TYPE FFP 3 RESPIRATOR MASKS**

FFP3 (Filtering Facepiece Particles) respirator masks offer high-level single-way protection to the wearer and therefore commonly used in environments where there is a risk of toxic or infectious particles being transferred from people and physical objects in the vicinity. Usually require wearer fitting. Certain models can have exhaling valves fitted.

We supply both 3M and alternative brands. Further generic information on face masks here

# TYPE IIR SURGICAL MASKS (>98% FILTRATION AND SPLASH RESISTANT)

Providing the highest level of viral particle filtration for this type of face covering (>98%) with splash-resistance, these fully certified (EN 14683) surgical masks come in sealed packs of 25 for more efficient distribution and storage. Regular boxes of 50 masks also available.

It's one of the most popular masks being used within UK health and care service sectors, including the NHS.

Further generic information on face masks here

# **CLEAR MASKS**

These new and unique anti-fog technology clear masks enable clearer communication for all.

Currently being used by the NHS as well as organisations such as Apple, the masks are meeting the demand for coverings that enable more effective and natural communication with children and adults, including people with hearing impairments, additional needs and vulnerabilities.

You can view a BBC video report on the masks here: https://www.bbc.co.uk/news/av/uk-wales-54274497

And view the NHS communication on their procurement of the masks here: <a href="https://www.gov.uk/government/news/government-delivers-250000-clear-face-masks-to-support-people-with-hearing-loss">https://www.gov.uk/government/news/government-delivers-250000-clear-face-masks-to-support-people-with-hearing-loss</a>

# **FACE VISORS**

These popular easy self-assembly visors provide an additional level of protection to face coverings or where face coverings are not being used.

Comfortable fit and anti-fog coating ensures that they can be used safely for extended periods.

Available in packs of 10/20

## **LOGO 2-PLY RE-USABLE FACE MASKS**

Let your organisation stand out with these logo two-ply soft cotton reusable masks, with an antimicrobial component that inhibits growth of microbes and a water repellent finish as an additional safeguard.

The masks maintain antibacterial properties for up to 20 washes and are onesize with adjusters to suit all ages/face sizes.

#### **NITRILE GLOVES**

So far this year, we have supplied over 1000 boxes of medical grade nitrile gloves to education, health and social care customers.

All brands we supply are European certified (CE).

Available in all sizes S, M, L, XL and colours blue, white, lilac.

## **ABOUT US**

We became the UK's first PPE social enterprise after Covid halted our health bike business and we switched to using our experience of sanitising products to help others obtain certified best-priced PPE. All our products are fully compliant with UK and European standards to ensure the safety of your stakeholders. Any business you place with us helps more people improve their health and wellbeing through future Fun and Fit Bike learning experiences. We will bring these back as soon as it is safe to do so. Thank you.
